SCAN ME

TESTIMONIALS

This is the best PSPE-focussed professional development that I have come across. The teachers at my school are looking forward to attending in person again soon.

I have attended PHASE 3 times and my approach to teaching & learning has changed considerably because of the conference. There are things I have learned at PHASE that I NEVER came across during my undergraduate PE degree

I've been heavily involved in other PE conferences and now this will be be my go to. The conference has allowed me to keep experimenting, keep trying, keep wanting to get better.

OFFICIAL HOTEL

We have special rates at the incredible Cassia Hotel which is located just 20 minutes drive from the school.

Transport will be provided to and from the hotel for anyone who books the hotel through the conference website.

PHASE ONLINE

In addition to the Face to Face event in March we also have our online conference which started recently and continues through this academic year. Limited attendance is free but you can still purchase individual passes or school passes for unlimited access included all recorded video materials.
